Members present: As per the list enclosed.

The Chairman welcomed the members and the other officers present.

The Member Secretary placed before the Authority the proposals regarding construction/reconstruction of dwelling units and conversion for the same. The Chairman observed that there is no mention of conversion in CRZ notification. The Member Secretary brought before the Authority earlier decision of KSCZMA on which basis the letter no. FEE 67 CRZ 2009 dated: 23/01/2012 was issued. The Chairman felt that the conversion is not in the ambit of the notification. Hence the Authority decided not to deal with the issue of conversion of the area.

The Chairman observed that the compliance (ATR) of the earlier meeting were not placed before the Authority and instructed the Member Secretary to place before the Authority in the next meeting the compliance of decisions of the Authority.

The Chairman expressed concern regarding the issues in Coastal Zone and observed that the environment in coastal area should have proper sanitation measures without pollution of ground water and instructed the Regional Directors to ensure the same. In all the construction/reconstruction proposals the waste disposal systems, sanitation plans have to be approved by Regional Director (Environment) and thereafter only the super structures need to come up.

The agenda wise deliberations and decisions are as follows:

1. Proposals before KSCZMA:

A. CRZ clearance for the construction/reconstruction of residential units in CRZ-I area.

The Authority perused the list of proposals placed by the Member Secretary (Annexure I). The Authority after discussion, decided to issue NOC for the proposals in Sl. No. 2 to 10 of Udupi District pertaining to reconstruction in CRZ-I area without exceeding the plinth area, number of floors and drainage system which is to be ensured by the Regional Director (Environment) concerned. Proposal in Sl. No. 1 of Udupi District (Shekar Poojary S/o Minku Poojary, Manoor, Padukere, Kotathattu) was rejected as it was for a new construction in CRZ-I area for which there is no provision in the CRZ Notification. The Authority directed the Member Secretary to place the proposals in Sl. No. 11 to 15 of Udupi District after recommendation from DCZMC.

The Chairman observed that some proposals were placed without recommendation from DCZMC and without mention of existing plinth area and sought explanation from the Member Secretary. The Member Secretary apologized for having kept incomplete proposals before the Authority.

The Authority observed that in all the proposals of Uttara Kannada District recommendation of DCZMC and information on plinth area was not provided. Hence the Authority directed the Member Secretary to place these proposals before the Authority after due recommendation of DCZMC and with specific mention of the plinth area.

With respect to three proposals of Dakshina Kannada District the Chairman sought information on the plinth area of old buildings and recommendation by DCZMC which was

placed before the Authority. On perusal of these, the Authority decided to issue NOC for reconstruction of buildings that existed before 19-02-1991 in the interest of safety of building and residents without exceeding the existing plinth area and height of the building.

B. CRZ clearance for the construction/reconstruction of residential units in CRZ-II area:

The Authority perused the proposals in Annexure-II. After discussion the Authority decided to regularize the constructions at Sl. No. 1 and 2 in Udupi District as per para 6(d) of the CRZ Notification 2011. With reference to the proposal (Sri. Anthone Ruzar Lopis) of Uttara Kannada District, the Authority after discussion decided to issue NOC.

In respect of construction proposals in CRZ-II of Dakshina Kannada District, the Chairman expressed concern about huge structures coming by the side of the existing fisheries road that may not withstand the heavy vehicular traffic. The Authority wanted more information on the access road to these buildings. The Chairman directed the Member Secretary to verify the access roads other than fisheries road from the authorized town planning maps and issue NOC only after verifying the availability of access roads to proposals in Sl. No. 1 and 3 of Dakshina Kannada District after obtaining inspection report from the concerned RD (E).

The Member Secretary informed the Authority that the proposal at Sl. No. 2 was already considered by the Authority in the previous meeting but was wrongly placed before this meeting due to oversight. The subject was withdrawn by the Authority. The Chairman instructed the Member Secretary to place the agenda before the Authority after careful verification.

C. CRZ clearance for the construction/reconstruction of residential units in CRZ-III area.

a. Within 100mts from River side (NDZ area)

The Chairman expressed concern over the safety of the old buildings within 100 mtr from the HTL of Sea and sought information on the hazards that they are exposed to. The Authority after discussion opined that the permission to the structures very near to the Sea may expose them to natural hazards and hence proposals at Sl. No. 1, 13, 14, 15, 16, 17, 18, 22, 23, 24, 25, 26, 27, 31, 33, 34, 42, 43 of Udupi District in Annexure-III were rejected as they were within 100 mtr from HTL of Sea, though they are within No Development Zone of river. The Authority decided to issue NOC in case of proposals in Sl. No. 2, 3, 5, 6, 7, 8, 9, 10, 11, 12, 20, 21, 28, 29, 30, 32, 35, 36, 37, 38, 39, 40, 41 of Udupi District in Annexure-III for reconstruction with strict adherence of existing plinth area and sanitation measures. In respect of the proposal in Sl. No. 4 of Udupi District the Authority observed that the site of construction was beyond the CRZ limit prescribed by the CRZ Notification 2011 and therefore decided to issue NOC as the area is out of CRZ limits. The proposal in Sl. No. 19 of the Udupi District i.e. shifting of office by the Secretary Padubidri Fishermen's Primary Co-operative Society Ltd. was rejected as the Authority felt that it has no jurisdiction over the issue.

The proposals of Uttara Kannada District at Sl. No. 1 to 16 of Annexure-III were deferred as there was no mention of existing plinth area. The Regional Director was instructed to provide specific plinth area in each proposal for the next meeting.

b. within 100mts from Sea HTL (NDZ area)

The proposals of reconstruction (Annexure-IV) in 100 mtr from the Sea of Udupi (Sl. No. 1 to 34) and Uttara Kannada (1 to 12) Districts were deliberated. The Authority was briefed about hazard line demarcation in CRZ area. The Authority decided to take up these proposals after hazard line demarcation.

The Authority perused the proposals in Annexure-V and decided to wait for the approval of the Comprehensive Plan from MoEF, GoI in respect of all the 14 proposals of Udupi District. However, all the 23 proposals of Uttara Kannada District were deferred as no information on the plinth area was placed before the Authority. The Authority instructed the Member Secretary to place the information regarding plinth area for these proposals in the next meeting of the Authority.

d. Above 200mts from the sea HTL.

The Authority perused the details placed by the Member Secretary in Annexure-VI. After deliberations it was decided to issue NOC in case of proposal in Sl. No. 2 and 3 as per para 6(d) of the CRZ Notification 2011 with Regional Director (Environment) ensuring the sanitation and waste management plan implementation.

e. Proposals coming in CRZ-III (Commercial/construction of compound wall):

The Authority noted that the proposals in Sl. No. 1, 2 and 4 of Udupi District in Annexure-VII pertain to the construction of compound wall. The Authority after detailed discussion opined that the construction of compound wall is part of dwelling unit and hence recommended to give NOC to these proposals. Proposal at Sl. No. 3 was rejected as no record for recognition of the school by Government Department was placed before the Authority.

2. Preparation of Coastal Zone Management Plan under Coastal Regulation Zone Notification, 2011-reg.

The Authority noted the details placed by the Member Secretary. It observed that the proposal was premature to be placed before the Authority and felt that detailed village wise, map wise corrections need to be placed before the Authority after making due corrections in those maps. The Authority directed the Member Secretary to upload the draft coastal zone management maps in KSCZMA website giving wide publicity to elicit comments/suggestions from the public and the stakeholder.

3. Preparation of Comprehensive Plan in consultation with the traditional coastal communities including fisher folk and incorporating necessary disaster management plan in accordance with the provisions of CRZ Notification, 2011.
